AMENDMENT (ELECTION)

This is in response to the requirement for restriction or election.

no listing of claims?
In response to the Examiner's requirement, applicant through his attorney, hereby elects Species 1 and Species A drawn to a bib and two crossing straps with pile-type fasteners. Claim 2 is generic. Such election is made with traverse. It is deemed that a complete search, examination and office action on the elected embodiment would require a complete search, examination and office action of the other embodiment. As such, it is urged that no additional burden would be placed on the Examiner by withdrawing the requirement to elect and issuing an office action on all of the embodiments of the instant application.

Favorable reconsideration, withdrawal of the restriction requirement and a Notice of Allowance are hereby requested.
